* Past performance is not indicative of future returns. Total Return NAV is calculated based on reinvested dividend at the net asset value on the ex-dividend date. The ex-dividend date is the day on which all shares bought and sold no longer come attached with the right to be paid the most recently declared dividend. It is also on this date that an amount roughly equal to the dividend paid is removed from the Fund's net asset value once declared.

** The Trailing 12-Month Distribution Yield represents the yield over the prior twelve months if the investor had purchased the Fund and held it for a year, assuming no change in NAV. It may not be an accurate reflection of the actual return an investor may have received because the Fund's NAV is constantly changing due to market factors. This represents the net distribution yield.

*** 12 months of distribution data is not available

Benchmark indices are Net Total Return indices, which assume the reinvestment of net dividends and exclude management fees, transaction costs and expenses. You cannot invest directly in an index.

The Index Sponsor and its affiliates have no rights against or recourse to any Reference Index Sponsor should any Reference Index not be published or for any errors in the calculation thereof or on any other basis whatsoever in relation to any Reference Index, its production, or the level or constituents thereof. The Index Sponsor and its affiliates shall have no liability to any party for any act or failure to act by any Reference Index Sponsor in connection with the calculation, adjustment or maintenance of the relevant Reference Index and have no affiliation with or control over any Reference Index or the relevant Reference Index Sponsor or the computation, composition or dissemination of any Reference Index. Although the Index Calculation Agent will obtain information concerning each Reference Index from publicly available sources that it believes reliable, it will not independently verify this information. Accordingly, no representation, warranty or undertaking (express or implied) is made and no responsibility is accepted by the Index Sponsor or any of its affiliates nor the Index Calculation Agent as to the accuracy, completeness and timeliness of information concerning any Reference Index. The Index Sponsor and/or its affiliates may act in a number of different capacities in relation to the Index and/or products linked to the Index, which may include, but not be limited to, acting as market-maker, hedging counterparty, issuer of components of the Index, Index Sponsor and/or Index Calculation Agent. Such activities could result in potential conflicts of interest that could influence the price or value of a Product.
