Six Months to 30 June 2018**

Directors' Report	1-4
Condensed Statement of Profit or Loss and Other Comprehensive Income	5
Condensed Statement of Financial Position	6
Condensed Statement of Cash Flows	7
Condensed Statement of Changes in Equity	8
Notes to the Condensed Interim Financial Statements	9-15

The directors of ETFS Hedged Commodity Securities Limited (“HCSL” or the “Company”) submit herewith the unaudited interim financial report and interim financial statements of the Company for the period ended 30 June 2018.

Directors

The names and particulars of the directors of the Company during or since the end of the financial period are:

Gregory Barton	(Appointed 11 April 2018)
Christopher Foulds	
Steven Ross	
Joseph Roxburgh	(Resigned 11 April 2018)
Graham Tuckwell	(Resigned 11 April 2018)
Peter Ziemba	(Appointed 11 April 2018)

Directors' Interests

No director has an interest in the Ordinary Shares of the Company as at the date of this report.

Prior to the change in ownership (described below) Graham Tuckwell held an interest in the Ordinary Shares of the Company as the majority shareholder of ETFS Capital Limited (formerly ETF Securities Limited).

Principal Activities

During the period there were no significant changes in the nature of the Company's activities.

Change of Ownership

On 13 November 2017, the Company announced that WisdomTree Investments, Inc (“WisdomTree”) (an exchange-traded product sponsor and asset manager) entered into an agreement to acquire the European exchange-traded product business of ETFS Capital Limited (formerly ETF Securities Limited), which includes the Company. The change of ownership occurred on 11 April 2018.

Review of Operations

As at 30 June 2018, the Company had the following number of classes, in aggregate, of Currency-Hedged Commodity Securities in issue and admitted to trading on the following exchanges:

	London Stock Exchange	Borsa Italiana	Deutsche Börse
Classic and Longer Dated GBP-Hedged Commodity Securities	14	-	-
Classic and Longer Dated EUR-Hedged Commodity Securities	-	18	11
Total Currency-Hedged Commodity Securities	14	18	11

As at 30 June 2018, the fair value of assets under management amounted to USD 235.9 million (31 December 2017: USD 420.7 million). The Company recognises its financial assets (Commodity Contracts) and financial liabilities (Currency-Hedged Commodity Securities) at fair value in the Condensed Statement of Financial Position.

Review of Operations (continued)

During the period, the Company generated income from creation and redemption fees, management fees and licence allowance as follows:

	30 June 2018 USD	30 June 2017 USD
Creation and Redemption Fees	89,601	76,532
Management Fees and Licence Allowance	780,265	750,542
Total Fee Income	869,866	827,074

Under the terms of the service agreement with ETFS Management Company (Jersey) Limited (“ManJer”), the Company accrued expenses equal to the management fees and licence allowance and creation and redemption fees, which, after taking into account other operating income and expenses, resulted in an operating result for the period of USD Nil (30 June 2017: USD Nil).

The gain or loss on Currency-Hedged Commodity Securities and Commodity Contracts is recognised in the Condensed Statement of Profit or Loss and Other Comprehensive Income in line with the Company’s accounting policy.

The Company has entered into contractual obligations to issue and redeem Currency-Hedged Commodity Securities at set prices on each trading day. These prices are based on an agreed formula published in the Prospectus, and are equal to the published NAVs of each class of Currency-Hedged Commodity Securities.

IFRS 13 requires the Company to identify the principal market and to utilise the available market price within that principal market. The directors consider that the stock exchanges where the Currency-Hedged Commodity Securities are listed to be the principal market and as a result the fair value of the Currency-Hedged Commodity Securities is the on-exchange price as quoted on those stock exchanges demonstrating active trading. As a result of the difference in valuation methodology between Commodity Contracts and Currency-Hedged Commodity Securities there is a mis-match between accounting values, and the results of the Company reflect a gain or loss on the difference between the Contractual Value of the Commodity Contracts and the market price of Currency-Hedged Commodity Securities. This gain or loss would be reversed on a subsequent redemption of the Currency-Hedged Commodity Securities and cancellation of the corresponding Commodity Contracts. This is presented in more detail in note 5 to these interim financial statements.

Future Developments

United Kingdom’s (“UK’s”) withdrawal from the European Union (“EU”)

The process for the UK’s withdrawal from the EU is still ongoing, the UK’s future relationship with the EU is still uncertain and the renegotiations of treaties and agreements, together with legislation changes, have yet to be completed.

The Company is domiciled in Jersey, outside of the EU, and the Currency-Hedged Commodity Securities are distributed in the EU under the EU Prospectus Directive which requires their offering to the public to be approved by an EU Member State regulator. To date, the Company has chosen the UK Financial Conduct Authority (“FCA”) as its Member State regulator for these purposes. Request is then made to the FCA, as the chosen Member State regulator, for the passporting of the offering across the EU, once again, under the EU Prospectus Directive.

It is currently expected that, if necessary, the Company would select an alternate EU Member State regulator through which to seek approval and request passporting for its offering. As the Currency-Hedged Commodity Securities already comply with the European wide requirements of the EU Prospectus Directive, this is not expected to cause any disruption or alteration to the terms or nature of the Currency-Hedged Commodity Securities.

Future Developments (continued)

The Currency-Hedged Commodity Securities continue to comply with all applicable laws and regulations. Continued assessment of the impact will be required throughout the withdrawal process.

The board of directors (the "Board") are not aware of any other developments that might have a significant effect on the operations of the Company in subsequent financial periods not already disclosed in this report or the attached interim financial statements.

Dividends

There were no dividends declared or paid in the current or previous period. It is the Company's policy that dividends will only be declared when the directors are of the opinion that there are sufficient distributable reserves.

Employees

The Company does not have any employees. It is the Company's policy to use the services of specialist subcontractors or consultants as far as possible.

Directors' Remuneration

No director has a service contract with the Company. The directors of the Company who were employees within the ETF Securities Limited group or are employees within the WisdomTree group do not receive separate remuneration in their capacity as directors of the Company. R&H Fund Services (Jersey) Limited ("R&H" or the "Administrator") receives a fee in respect of the directors of the Company who are employees of R&H.

The directors' fees which have been paid by ManJer on behalf of the Company for the period:

	30 June 2018 GBP	30 June 2017 GBP
Gregory Barton	Nil	Nil
Christopher Foulds	1,750	Nil
Steven Ross	4,000	4,000
Joseph Roxburgh	Nil	Nil
Graham Tuckwell	Nil	Nil
Peter Ziemba	Nil	Nil

Going Concern

The nature of the Company's business dictates that the outstanding Currency-Hedged Commodity Securities may be redeemed at any time by the holder and in certain circumstances may be redeemed by the Company. As the redemption of Currency-Hedged Commodity Securities will coincide with the cancellation of an equal amount of Commodity Contracts, no net liquidity risk is considered to arise. All other expenses of the Company are met by ManJer; therefore the directors consider the Company to be a going concern for the foreseeable future and have prepared the interim financial statements on this basis.

Directors Statement

With regard to Regulation 2004/109/EC of the European Union (the "EU Transparency Directive"), the directors confirm that to the best of their knowledge that:

- the interim financial statements for the period ended 30 June 2018 give a true and fair view of the assets, liabilities, financial position and profit or loss of the Company as required by law and in accordance with International Financial Reporting Standards as issued by the International Accounting Standards Board; and
- the Directors' Report gives a fair view of the development of the Company's business, financial position and the important events that have occurred during the period and their impact on these interim financial statements.

On behalf of the directors

The notes on pages 9 to 15 form part of these condensed interim financial statements

1. Accounting Policies

The main accounting policies of the Company are described below.

Basis of Preparation

The interim financial statements for the six months ended 30 June 2018 have been prepared in accordance with IAS 34 “Interim Financial Reporting” as issued by the International Accounting Standards Board (“IASB”) and interpretations issued by the International Financial Reporting Interpretations Committee of the IASB. The interim financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets and financial liabilities held at fair value through profit or loss.

The interim financial statements do not include all the information and disclosures required in the annual financial statements and should be read in conjunction with the Company’s annual financial statements for the year ended 31 December 2017. Except as described below under *Changes in Accounting Standards* the accounting policies adopted are consistent with those of the annual financial statements for the year ended 31 December 2017. The changes in accounting policies are also expected to be reflected in the financial statements for the year ended 31 December 2018.

The presentation of interim financial statements in conformity with International Financial Reporting Standards (“IFRSs”) requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Company’s accounting policies.

The Company makes estimates and assumptions that affect the reported amounts of assets and liabilities. Estimates are continually evaluated and based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The only key accounting judgement required to prepare these interim financial statements is in respect of the valuation of Commodity Contracts and Currency-Hedged Commodity Securities held at fair value through profit or loss as disclosed in notes 3 and 4. Actual results could vary from these estimates.

This half yearly report has not been audited or reviewed by the Company’s auditors.

Changes in Accounting Standards

On 1 January 2018 IFRS 9 replaced the provisions of IAS 39 that relate to the recognition, classification and measurement of financial assets and financial liabilities, de-recognition of financial instruments, impairment of financial assets and hedge accounting.

IFRS 9 requires Currency-Hedged Commodity Securities and Commodity Contracts to be measured at fair value through profit or loss and the Company currently designates its Currency-Hedged Commodity Securities and Commodity Contracts at fair value through profit or loss upon initial recognition. The adoption of IFRS 9 Financial Instruments from 1 January 2018 has not resulted in any material impact to the accounting policies adopted by the Company.

On 1 January 2018 the Company also adopted IFRS 2, IFRS 4, IFRS 15 and IAS 40 and have assessed that the adoption of these revised and amended accounting standards has not resulted in any changes to the accounting policies and disclosures within these financial statements.

2. Operating Result

Currency-Hedged Commodity Securities at Fair Value	<u>235,353,330</u>	<u>419,244,160</u>

As at 30 June 2018, there were certain Currency-Hedged Commodity Securities awaiting settlement in respect of creations or redemptions with transaction dates before the period end and settlement date in the following period:

- The amount payable as a result of unsettled redemptions of Currency-Hedged Commodity Securities is USD 5,314,957 (31 December 2017: USD 17,340,389).
- The amount receivable as a result of unsettled creations of Currency-Hedged Commodity Securities is USD 458,077 (31 December 2017: USD 17,763,221).

5. Adjustment from Market Value to Contractual Value of Currency-Hedged Commodity Securities

The Commodity Contracts are priced by reference to certain currency-hedged commodity indices calculated and published by Bloomberg L.P. or Bloomberg Finance L.P. (together “Bloomberg”) and a multiplier calculated by the Company and agreed with the Commodity Contract Counterparties. The multiplier takes into account the daily accrual of the management fee, licence allowance and swap spread as well as the incremental capital enhancement component of the Currency-Hedged Commodity Security, and is the same across all Currency-Hedged Commodity Securities of the same type (i.e. all Classic Currency-Hedged Commodity Securities use the same multiplier). This price is calculated based on the formula set out in the Prospectus, and is referred to as the ‘Contractual Value’.

The Company measures the Currency Securities at their market value than their Contractual Value (as described in the Prospectus) because IFRS 13 requires the Company to identify the principal market and to utilise the available market price within that principal market. The directors consider that the stock exchanges where the Currency-Hedged Commodity Securities are listed to be the principal markets and as a result the fair value of the Currency-Hedged Commodity Securities is the on-exchange price as quoted on those stock exchanges demonstrating active trading. The Currency-Hedged Commodity Securities are priced using the closing mid-market price on the Statement of Financial Position date.

Consequently a difference arises between the value of Commodity Contracts (at Contractual Value) and Currency-Hedged Commodity Securities (at market value) presented in the Condensed Statement of Financial Position. This difference is reversed on a subsequent redemption of the Currency-Hedged Commodity Securities and cancellation of the corresponding Commodity Contracts.

Whilst the Currency-Hedged Commodity Securities are quoted on the open market, the Company’s liability relates to its contractual obligations to issue and redeem Currency-Hedged Commodity Securities at set prices on each trading day. These prices are based on an agreed formula, and are equal to the published NAVs of each class of Currency-Hedged Commodity Security. Therefore, the actual contractual issue and redemption of Currency-Hedged Commodity Securities occur at a price that corresponds to gains or losses on the Commodity Contracts. As a result the Company has no net exposure to gains or losses on the Currency-Hedged Commodity Securities and Commodity Contracts.

5. Adjustment from Market Value to Contractual Value of Currency-Hedged Commodity Securities (continued)

The contractual redemption values and movements in unrealised gains/losses during the period/year based on the Contractual Values are:

	As at	
	30 June 2018 Unaudited USD	31 December 2017 Audited USD
Currency-Hedged Commodity Securities at Contractual Value	<u>235,878,228</u>	<u>420,691,340</u>
	Period ended 30 June	
	2018 Unaudited USD	2017 Unaudited USD
Change in Contractual Value of Currency-Hedged Commodity Securities	<u>(4,667,393)</u>	<u>4,639,247</u>

Through the mis-matched accounting values, the results of the Company reflect a gain or loss which represents the movement in the cumulative difference between the Contractual Value (based on the formula set out in the Prospectus) of the Commodity Contracts and the market price of Currency-Hedged Commodity Securities. This gain or loss is transferred to a Revaluation Reserve which is non-distributable. The results of the Company are adjusted through the presentation of a non-statutory movement entitled 'Adjustment from Market Value to Contractual Value (as set out in the Prospectus) of Currency-Hedged Commodity Securities'.

The mismatched accounting values are as shown below and represent the non-statutory adjustment presented in the Condensed Statement of Profit or Loss and Other Comprehensive Income:

	Period ended 30 June	
	2018 Unaudited USD	2017 Unaudited USD
Net (Loss)/Gain Arising on Contractual and Fair Value of Currency-Hedged Commodity Contracts	(4,667,393)	4,639,247
Net Gain/(Loss) Arising on Fair Value of Currency-Hedged Commodity Securities	3,745,111	(1,396,969)
	<u>(922,282)</u>	<u>3,242,278</u>

The gain or loss on the difference between the Contractual Value of the Commodity Contracts and the market price of Currency-Hedged Commodity Securities would be reversed on a subsequent redemption of the Currency-Hedged Commodity Securities and cancellation of the corresponding Commodity Contracts.

5. Adjustment from Market Value to Contractual Value of Currency-Hedged Commodity Securities (continued)

This gain or loss is transferred to a Revaluation Reserve which is non-distributable and a reconciliation of the movements throughout the period/year is detailed below.

	2018 Unaudited USD	2017 Audited USD
Balance brought forward at 1 January	1,447,180	(237,520)
Adjustment from Market Value to Contractual Value (as set out in the Prospectus) of Currency-Hedged Commodity Securities:		
Period 1 January to 30 June	(922,282)	3,242,278
Period 1 July to 31 December	-	(1,557,578)
	<u>(922,282)</u>	<u>1,684,700</u>
Closing balance at 30 June/31 December	<u>524,898</u>	<u>1,447,180</u>

6. Fair Value Hierarchy

The levels in the hierarchy are defined as follows:

- Level 1 fair value based on quoted prices in active markets for identical assets.
- Level 2 fair values based on valuation techniques using observable inputs other than quoted prices within level 1.
- Level 3 fair values based on valuation techniques using inputs that are not based on observable market data.

Categorisation within the hierarchy is determined on the basis of the lowest level input that is significant to the fair value measurement of each relevant asset/liability.

The Company is required to utilise the available market price as the Currency-Hedged Commodity Securities are quoted and actively traded on the open market. Therefore Currency-Hedged Commodity Securities are classified as level 1 financial liabilities.

The Company's rights in respect of Commodity Contracts relate to its contractual obligations to issue and redeem Currency-Hedged Commodity Securities at set prices on each trading day. These prices are based on an agreed formula (set out in the Prospectus), and are equal to the published NAVs of each class of Currency-Hedged Commodity Security. Therefore, Commodity Contracts are classified as level 2 financial assets, as the value is calculated using third party pricing sources supported by observable, verifiable inputs.

6. Fair Value Hierarchy (continued)

The categorisation of the Company's assets and (liabilities) are as shown below:

	Period ended 30 June 2018 Unaudited USD	Year ended 31 December 2017 Audited USD
Level 1		
Currency-Hedged Commodity Securities	<u>(235,353,330)</u>	<u>(419,244,160)</u>
Level 2		
Commodity Contracts	<u>235,878,228</u>	<u>420,691,340</u>

The Currency-Hedged Commodity Securities and the Currency-Hedged Commodity Contracts are recognised at fair value through profit or loss upon initial recognition in line with the Company's accounting policy. There are no assets or liabilities classified in level 3. There were no reclassifications during the period.

7. Related Party Disclosures

Entities and individuals which have a significant influence over the Company, either through ownership or by virtue of being a director of the Company, are related parties.

Fees charged by ManJer during the period:

	Period ended 30 June 2018 Unaudited USD	2017 Unaudited USD

At 30 June 2018, USD 3 is receivable from ManJer (31 December 2017: USD 3).

As disclosed in the Directors' Report, ManJer paid directors' fees in respect of the Company of GBP 5,750 (30 June 2017: GBP 4,000).

Steven G Ross is a director of R&H Fund Services (Jersey) Limited ("R&H"), the administrator. Christopher J M Foulds is the Compliance Officer of ManJer and was an employee of ETFS Capital Limited (formerly ETF Securities Limited) until 11 April 2018. On 11 April 2018 Christopher Foulds joined R&H. During the period, R&H charged ManJer administration fees in respect of the Company of GBP 15,250 (30 June 2017: GBP 8,376), of which GBP 9,000 (30 June 2017: GBP 4,188) was outstanding at the period end.

Graham Tuckwell is also a director of ETFS Capital Limited (formerly ETF Securities Limited), ManJer and HoldCo until 11 April 2018. Joseph Roxburgh was also a director of ManJer and HoldCo and the Company Secretary of the Company until 11 April 2018.

8. Ultimate Controlling Party

On 13 November 2017, the Company announced that WisdomTree Investments, Inc (an exchange-traded product sponsor and asset manager) entered into an agreement to acquire the European exchange-traded product business from ETFS Capital Limited (formerly ETF Securities Limited). The change of ownership occurred on 11 April 2018.

The immediate parent company is HoldCo, a Jersey registered company. Following completion of the acquisition which included HoldCo on 11 April 2018 the ultimate controlling party is WisdomTree Investments, Inc. Prior to 11 April 2018 Graham Tuckwell was the ultimate controlling party of HoldCo through his majority shareholding in ETFS Capital Limited (formerly ETF Securities Limited).

The value of the Commodity Contracts backing the Commodity Securities is wholly attributable to the holders of the Commodity Securities.

9. Events Occurring After the Reporting Period

There have been no significant events since the reporting period that require disclosure.
