

EUROPEAN EXCHANGE TRADED PRODUCT SET CHANGES

Originally published 31 July 2019 and updated 20 September 2019

WHAT IS HAPPENING?

WisdomTree is announcing changes to its European Exchange Traded Product (ETP) set. These changes represent the final stage of the integration of ETF Securities, which was acquired April 2018.

In the coming months, the Company will rename 224 Boost ETP and ETF Securities products so they uniformly sit under the WisdomTree brand. The Company will also close 192 products that were duplicates or extraneous across the most extensive product range in Europe.

WisdomTree will continue to offer one of the most comprehensive product sets in Europe with 250 products available across commodities, equities, foreign exchange, fixed income and alternatives, after this process has completed.

WHICH PRODUCTS WILL BE CLOSING?

The full list of products that will close is **listed below**. The majority of assets under management (AUM) represented by these closures sits in products that are duplicated across the business. Where relevant, we have included an alternative equivalent for investors who wish to re-invest in a similar product.

WHICH PRODUCTS ARE CHANGING THEIR NAME AND WHY?

The products that will change their name are **listed below**. Following the acquisition of ETF Securities in April 2018 and of Boost ETPs in 2016, all ETF Securities and Boost ETP product names will be changed to uniformly sit under the WisdomTree brand.

The only product which will keep its name is Gold Bullion Securities (GBS).

It is expected that both product closures and name changes will be complete by the 26th of September 2019.

DO I NEED TO DO ANYTHING WITH MY INVESTMENTS IN RESPONSE TO THE PRODUCT RENAMING?

No. These are cosmetic changes and will not affect your investments. The products will all continue to pursue their stated investment objectives as per usual.

IF I AM INVESTED IN A PRODUCT THAT IS CLOSING, WHAT DO I NEED TO DO?

In order to help the Products wind down their affairs, it is expected that securities will stop trading on their respective exchanges after the close of trading on or around 16 September 2019. We encourage investors to sell their securities prior to the delisting date of the products.

DOES WISDOMTREE OFFER ALTERNATIVES TO THE PRODUCTS WHICH ARE BEING CLOSED?

In some cases, where products are being closed due to an overlap in the product range, WisdomTree will continue to maintain and support a product with similar or equivalent exposure to the product which is being closed.

If you are invested in a product which is being closed and you are interested in keeping your exposure, you may wish to trade out of the product closed and into the equivalent product being offered. In case WisdomTree will continue to offer a product with equivalent exposure to the product being closed, that equivalent product is listed beside the closed product on the **list of product closures** below.

WHAT SHOULD I EXPECT TO HAPPEN IN THE PROCESS OF CLOSING DOWN A PRODUCT?

The following timeline can provide additional detail about the process and what investors should expect at each stage

31st July 2019

The date of the announcement notifying investors of the expected product closures and name changes. The notice period between the date of the announcement and the date of delisting products is intended to allow investors flexibility in managing their position(s).

We encourage investors to sell their securities prior to the delisting date of the products. Alternatively, investors may stay invested in the products and see them automatically redeemed on the 26th of September as per the process described below.

16th September 2019

This is the date at which the products selected for closure will be delisted from exchanges across Europe. This means from the 16th September, investors will no longer be able to buy or sell these securities on exchange.

Please note, from the 16th to the 23rd September, it may still be possible in some circumstances to trade out of your position "over-the-counter" (OTC) by contacting your broker or trading platform.

23rd September 2019

From this date the Issuer of the products will no longer accept redemptions and selling your product OTC from this point onwards will generally be impossible.

26th September 2019

This is the date at which these products will be valued for the final time and redeemed. The final value of investor's holdings will be based upon the price ("NAV") of each product as of the close of 26th September 2019. Investors can find all NAVs published daily on the WisdomTree website www.wisdomtree.eu by looking up the relevant product.

For your information - the reason why the secondary market trading has been suspended 10 days ahead of the closures is because the secondary market is made up of many participants trading in various ways on various exchanges & venues. As such, the ecosystem is subject to various levels of intermediation and, as a result, there can be a time lag between an investor trading an instrument and that position being reflected in the accounts of the various settlement systems. To ensure that the correct beneficial owner receives the proceeds from the terminated ETPs, we need to build sufficient time for this settlement to happen.

2nd October 2019 (approximately)

This is the date on which we expect to make all payments to registered holders. For uncertificated security holders, payments are expected to be made through CREST and for certificated holders, payments are expected to be made via cheque sent by post. The Issuer will only make payments to Security Holders who are named in the relevant register when the product closes.

To the extent that you hold your securities through a broker, custodian or other intermediary, please contact that intermediary for information on how they will pass on the payments. Typically, you should expect to receive the payment in much the same way you receive a dividend, a coupon on a bond or the payment of principle when the bond

matures. It may take longer for the payment to find its way to your account if you hold the security through a broker or a nominee account of another kind. Your broker, bank or financial adviser will be able to provide further information regarding how this process will work for you.

IMPORTANT INFORMATION

Communications issued in the European Economic Area (“EEA”): This document has been issued and approved by WisdomTree Ireland Limited, which is authorised and regulated by the Central Bank of Ireland.

Communications issued in jurisdictions outside of the EEA: This document has been issued and approved by WisdomTree UK Limited, which is authorised and regulated by the United Kingdom Financial Conduct Authority.

WisdomTree Ireland Limited and WisdomTree UK Limited are each referred to as “WisdomTree” (as applicable). Our Conflicts of Interest Policy and Inventory are available on request.

For professional clients only. The information contained in this document is for your general information only and is neither an offer for sale nor a solicitation of an offer to buy securities or shares. This document should not be used as the basis for any investment decision. Investments may go up or down in value and you may lose some or all of the amount invested. Past performance is not necessarily a guide to future performance. Any decision to invest should be based on the information contained in the appropriate prospectus and after seeking independent investment, tax and legal advice.

This document is not, and under no circumstances is to be construed as, an advertisement or any other step in furtherance of a public offering of shares or securities in the United States or any province or territory thereof. Neither this document nor any copy hereof should be taken, transmitted or distributed (directly or indirectly) into the United States.

This document may contain independent market commentary prepared by WisdomTree based on publicly available information. Although WisdomTree endeavours to ensure the accuracy of the content in this document, WisdomTree does not warrant or guarantee its accuracy or correctness. Any third party data providers used to source the information in this document make no warranties or representation of any kind relating to such data. Where WisdomTree has expressed its own opinions related to product or market activity, these views may change. Neither WisdomTree, nor any affiliate, nor any of their respective officers, directors, partners, or employees accepts any liability whatsoever for any direct or consequential loss arising from any use of this document or its contents.

This document may contain forward looking statements including statements regarding current expectations or beliefs with regards to the performance of certain assets classes and/or sectors. Forward looking statements are subject to certain risks, uncertainties and assumptions. There can be no assurance that such statements will be accurate and actual results could differ materially from those anticipated in such statements. WisdomTree strongly recommends that you do not place undue reliance on these forward-looking statements.

Any historical performance included in this document may be based on back testing. Back testing is the process of evaluating an investment strategy by applying it to historical data to simulate what the performance of such strategy would have been. However, back tested performance is purely hypothetical and is provided in this document solely for informational purposes. Back tested data does not represent actual performance and should not be interpreted as an indication of actual or future performance.
