### LETTER FROM THE ISSUER

#### ETFS Commodity Securities Limited

*(Incorporated and registered in Jersey under the Companies (Jersey) Law 1991 (as amended) with registered number 90959. Regulated by the Jersey Financial Services Commission)*

**Registered office:** Ordnance House, 31 Pier Road, St. Helier, Jersey JE4 8PW

23 November 2018

*To all Holders of Affected Securities*

Dear Security Holder

#### **Proposal for the amendment of the Principal Amount of the Affected Securities of each class and Meetings of the Holders of the Affected Securities of each class**

This letter sets out the reasons for and further details of the Proposal.

#### **Introduction**

Following gradual changes in the values of certain of the Commodity Indexes and hence changes in the values of the Affected Securities, the Prices of each class of the Affected Securities have fallen towards their Principal Amounts. Should the Price of any class of Affected Securities fall below the Principal Amount, this would adversely affect the ability of the Issuer to Create and Redeem such class of Affected Securities. In such circumstances this could necessitate the early redemption of such class of Affected Securities.

Pursuant to Condition 7.18 of the Short and Leveraged Commodity Securities, the Issuer intends to exercise its right to suspend the right to Redeem by Settlement Pricing any class of Affected Securities of which the Price falls below its Principal Amount. If this occurs, redemptions under Condition 7.1(b) (Agreed Pricing) will continue to occur normally. To enable normal Redemptions to continue, all Redemptions under Agreed Pricing will, unless otherwise agreed at the time, be based on the settlement price of the relevant sub-index of the Bloomberg Commodity Index<sup>SM</sup> and the pricing formula as stated in the Prospectus. This will allow the creation and redemption of the relevant class or classes of Affected Securities to continue unaffected. This procedure has been designed to ensure that all holders of Affected Securities who are able to redeem Affected Securities can each continue to receive a price for their Affected Securities based on the relevant sub-index of the Bloomberg Commodity Index<sup>SM</sup>. Accordingly the Issuer does not expect any disruption to trading in the Affected Securities.

In order to maintain the normal trading and operations of the Affected Securities, the Issuer considers that the Principal Amount of each class of the Affected Securities should be reduced and the Issuer is convening meetings of the holders of each class of the Affected Securities for the purposes of seeking approval from the holders of the Affected Securities to reduce the Principal Amounts of each class of Affected Securities.

This letter includes the notices convening the Meetings.

#### ***The Proposals***

It is proposed, with your consent, to reduce the Principal Amount of each class of the Affected Securities. This change will not affect the Price of the Affected Securities and should have no effect on their market price on any of the stock exchanges on which they are listed or traded.

### ***Pricing and Redemption of the Affected Securities***

The Price of the Affected Securities of each class is determined in accordance with the Conditions and depends on the closing settlement price level of the relevant Commodity Index and is not related to the Principal Amount. Changing the Principal Amount will not therefore affect the Price of the relevant Affected Securities.

The terms of the Short and Leveraged Commodity Securities provide that, on Redemption, a Security Holder is entitled to receive the higher of the Price and the Principal Amount of the Short and Leveraged Commodity Securities. The Short and Leveraged Commodity Securities are however all limited recourse securities, each having recourse only to the relevant Pools (effectively only the matching Commodity Contracts and the rights of the Issuer under each of the Security Agreements and the Control Agreements so far as each relates to the relevant Pools). Since the Commodity Contracts do not have a minimum repayment amount, on Redemption of any class of Short and Leveraged Commodity Securities, Security Holders entitled to exercise Redemption rights would not in fact receive any greater amount than the aggregate Price of their Short and Leveraged Commodity Securities.

Security Holders who are not themselves Authorised Participants are only entitled to require Redemption of their Short and Leveraged Commodity Securities when there are no Authorised Participants and would only otherwise have rights on Redemption in the event of Compulsory Redemption by the Issuer or the Trustee.

As at 22 November 2018 (the latest practicable date prior to the date of this document), there were twelve Authorised Participants and thus Security Holders who are not themselves Authorised Participants may not Redeem any Short and Leveraged Commodity Securities. Such Security Holders can continue to sell Short and Leveraged Commodity Securities on the London Stock Exchange or any other of the stock exchanges on which they are listed or traded and the Short and Leveraged Commodity Securities should continue to trade at or around their Price.

Accordingly, the reduction of the Principal Amount of the Affected Securities will not in practice affect your rights on Redemption or sale.

### **Further information**

Set out in Part II of this document is some background information on the terms of the Affected Securities and further details of the purpose and effect of the Extraordinary Resolution to be proposed at each Meeting.

### **Action to be taken**

For the Proposal to become effective in respect of a class of Affected Securities, it must be sanctioned by an Extraordinary Resolution of the holders of the Affected Securities of that class. In accordance with paragraph 19 of the Fourth Schedule to the Trust Instrument, the Security Holders have the power to sanction any modification, abrogation or compromise of, or arrangement in respect of, the rights of Security Holders against the Issuer and to authorise the Trustee to concur in and execute any supplemental trust instrument embodying such modification. The Proposal in respect of each class varies such rights.

The Extraordinary Resolution in respect of each class of Affected Securities is an extraordinary resolution under the Trust Instrument which, to be passed, must (on a poll) be carried by a majority consisting of the holders of not less than 75 per cent. by Principal Amount of the Affected Securities of the relevant class voting on the poll. The quorum for each Meeting is one or more persons being holders of Affected Securities of the relevant class present in person or by proxy or (in the case of a holder of Affected Securities which is a corporation) by its duly authorised representative and holding or representing in the aggregate three-fourths of the aggregate Principal Amount of the Affected Securities of the relevant class for the time being outstanding.

If a quorum is not present at any Meeting, it will be adjourned to the same time on 20 December 2018 at the offices of R&H Fund Services (Jersey) Limited, Ordnance House, 31 Pier Road, St. Helier, Jersey, JE4 8PW and at such adjourned meeting the quorum will be one or more persons being holders of Affected Securities of the relevant class present in person or by proxy or (in the case of a holder of Affected Securities which is

a corporation) by its duly authorised representative) whatever the aggregate Principal Amount of the Affected Securities of the relevant class for the time being outstanding held or represented by them.

Holders of the Affected Securities of each class will find enclosed with this circular a single form of proxy for use at all relevant Meetings. In order to vote you are urged to complete the form of proxy and return it as soon as possible, and in any event so as to be received no later than 9.00 am on Monday, 10 December 2018 (or later on that day depending on the time for holding the meeting of the Affected Securities of the class concerned), in accordance with the instructions set out in the form. Completing and returning a form of proxy will not preclude you from attending the Meeting and voting in person if you wish to do so.

If any Meeting is adjourned, any proxy validly delivered and received by the time and date specified above in respect of that Meeting will be valid in respect of the Adjourned Meeting unless, in respect of any holder of Affected Securities of the relevant class, a later dated form of proxy has been received no later than 48 hours before the time for the Adjourned Meeting, in which case, the later dated form of proxy will be valid and stand to the exclusion of the earlier dated form of proxy.

### **Implementation of the Proposals**

The proposed amendments to the Trust Instrument to effect the Proposal in relation to each class of Affected Securities will take effect, assuming that the Extraordinary Resolution is passed at the relevant Meeting (or any adjournment thereof), when the Trustee enters into the Supplemental Trust Instrument with the Issuer, which is expected to occur shortly after the Meetings (or any adjournment(s) thereof).

If one or more Meetings are quorate (and the Extraordinary Resolution is passed thereat) and one or more Meetings are adjourned through lack of a quorum, the Issuer and the Trustee may enter into a supplemental trust instrument giving effect to the Proposals in respect of those class(es) of Affected Securities in respect of which the Meeting was quorate following such Meeting(s) and will execute a further supplemental trust instrument giving effect to the Proposals in respect of other classes following any adjourned Meeting at which the Extraordinary Resolution is passed.

### **Trustee**

In accordance with its normal practice, The Law Debenture Trust Corporation p.l.c., as trustee, expresses no opinion as to the merits of the Proposals, the terms of which were not negotiated by it. It has however authorised it to be stated that, on the basis of the information contained in this document (which it advises holders of Affected Securities to read carefully), it has no objection to the form in which the Proposals and Notices of the Meeting are presented to holders of Affected Securities for their consideration.

### **Recommendation**

The Issuer considers the passing of the Extraordinary Resolution to be in the best interests of the holders of Affected Securities of each class as a whole and therefore recommends that such holders of Affected Securities vote in favour of the Extraordinary Resolution.

Yours sincerely

Hilary Jones

## PART II

### GENERAL INFORMATION

#### 1. Terms of the Securities

The Trust Instrument constituting the Affected Securities was entered into on 8th February 2008 and amended by a supplemental trust instrument dated 8th October 2008, a second supplemental trust instrument dated 11th December 2008, a third supplemental trust instrument dated 29th June 2009, a fourth supplemental trust instrument dated 7th August 2009, a fifth supplemental trust instrument dated 13th January 2010, a sixth supplemental trust instrument dated 14th March 2011, a seventh supplemental trust instrument dated 22nd December 2011, an eighth supplemental trust instrument dated 26th January 2012, a ninth supplemental trust instrument dated 14th December 2012, a tenth supplemental trust instrument dated 23rd June 2014, an eleventh supplemental trust instrument dated 13th November 2014, a twelfth supplemental trust instrument dated 23 January 2015, a thirteenth supplemental trust instrument dated 3 July 2015, a fourteenth supplemental trust instrument dated 16 October 2015, a fifteenth supplemental trust instrument dated 12 April 2016, a sixteenth supplemental trust instrument dated 8 March 2017, a seventeenth supplemental trust instrument dated 29 June 2017 and an eighteenth supplemental trust instrument dated 26 January 2018.

The Affected Securities of each class have the Principal Amounts as set out in section 2 “Purpose and effect of the Extraordinary Resolution”, below.

Under Condition 7.1 of the Short and Leveraged Commodity Securities, each Short and Leveraged Commodity Security of a particular class carries the right on Redemption (other than by way of Agreed Pricing by agreement between a Commodity Contract Counterparty and a Security Holder which is an Authorised Participant) to payment of the higher of (i) the Principal Amount for that class, and (ii) the Price of that Short and Leveraged Commodity Security on the applicable Pricing Day.

Under Condition 3.2 of the Short and Leveraged Commodity Securities, the Trustee and the Security Holders of any class of Short and Leveraged Commodity Securities will have recourse only to sums derived from the Secured Property relating to the relevant Pool. If, the Trustee (or any other secured party) having realised the same, the net proceeds are insufficient for the Issuer to make all payments which, but for the effect of such Condition, would then be due, the obligations of the Issuer will be limited to such net proceeds of realisation, neither the Trustee nor any person acting on its behalf shall be entitled to take any further steps against the Issuer to recover any further sums and no debt shall be owed by the Issuer to any such person in respect of any such further sum.

Under Condition 7.18 of the Short and Leveraged Commodity Securities, if the Price of a class of a Short or Leveraged Commodity Security falls below its Principal Amount, the Issuer may at any time while such Price is below such Principal Amount suspend Redemptions of that class of a Short or Leveraged Commodity Security (giving such notice via RIS announcement) for a period of 30 days, and thereafter provided that notice of a meeting has been issued convening a meeting for a date not more than 30 days after the date of the notice for the purpose of considering an Extraordinary Resolution which will have the effect of reducing the Principal Amount to a level less than the Price, the suspension to expire when the meeting (or any adjournment thereof) concludes or, if the Extraordinary Resolution is passed and makes alternative provision, in accordance with the Extraordinary Resolution. Any suspension will not affect any Redemption the Pricing Date for which had passed before the suspension commenced, but any Settlement Redemption Form lodged on an Issuer Business Day when the right to Redeem Short and Leveraged Commodity Securities of that class is suspended will be invalid.

Under Condition 8.7 of the Short and Leveraged Commodity Securities, if on any Pricing Day the Price of any class of a Short or Leveraged Commodity Security falls to 2.5 times the Principal Amount of such a Short or Leveraged Commodity Security or below, the Issuer may, at any time for so long as the Price remains below such amount and during the period 60 days thereafter, upon not less than two days' notice by RIS announcement, elect to redeem the Short and Leveraged Commodity Securities of that class. This right

will cease once an Extraordinary Resolution is passed to reduce the Principal Amount such that the Price is more than 2.5 times the Principal Amount.

The full text of the Conditions of the Short and Leveraged Commodity Securities is set out in Part 7 of the Prospectus and details of the Security Deeds are set out in Part 8 of the Prospectus. A description of the Facility Agreements and the Commodity Contracts is set out in Part 5 of the Prospectus.

**2. Purpose and effect of the Extraordinary Resolution**

If the Extraordinary Resolution is passed, the Principal Amount of each of the Affected Securities will be reduced as set out in the table below:

<i>Class of Affected Securities</i>	<i>Current Principal Amount</i>	<i>Proposed Principal Amount</i>
ETFS 3x Daily Long Coffee Individual Securities	US\$5.00	US\$0.80
ETFS 3x Daily Long Wheat Individual Securities	US\$5.00	US\$0.60
ETFS 3x Daily Short Natural Gas Individual Securities	US\$1.75	US\$0.40

If the Extraordinary Resolution is passed in relation to one or more classes of Affected Securities, the Issuer and the Trustee will effect the reduction in the Principal Amount of each such class of Affected Securities by executing a supplemental trust instrument.

If, in relation to one or more classes of Affected Securities, the Extraordinary Resolution is not passed by the requisite majority, either at the relevant Meeting or at an adjournment thereof, the Issuer may exercise its powers under Condition 8.7 to Redeem all the Affected Securities of such class or classes for which the Price falls below 2.5 times the Principal Amount and may thereafter create and issue new classes of Short and Leveraged Commodity Securities with a reduced Principal Amount.
