Directors' Report

The directors of ETFS Equity Securities Limited ("ESL" or the "Company") submit herewith the unaudited interim financial report and interim financial statements of the Company for the period ended 30 June 2016.

Directors

The names and particulars of the directors of the Company during or since the end of the financial period are:

Graham J Tuckwell - Chairman
 Christopher J M Foulds (Appointed 20 October 2015)
 Graeme D Ross
 Joseph L Roxburgh
 Mark K Weeks (Resigned 20 October 2015)

Directors' Interests

The following table sets out the directors' interests in Ordinary Shares as at the date of this report:

<u>Director</u>	<u>Ordinary Shares of Nil Par Value</u>
Graham J Tuckwell (as ultimate controlling party of ETF Securities Limited ("ETFSL"), the ultimate parent company)	2

Principal Activities

During the period there were no significant changes in the nature of the Company's activities.

Review of Operations

During the period, the Company had the following number of classes, in aggregate, of Equity Securities in issue and admitted to trading on the following exchanges:

	<u>London Stock Exchange</u>	<u>Borsa Italiana</u>	<u>Deutsche Börse</u>
Short Equity Securities	1	6	2
Leveraged Equity Securities	1	6	2
Total Equity Securities	2	12	4

As at 30 June 2016, assets under management amounted to USD 131.6 (31 December 2015: USD 102.6 million). The Company recognises its financial assets (Equity Contracts) and financial liabilities (Equity Securities) at fair value in the Condensed Statement of Financial Position.

During the period, the Company generated income from creation and redemption fees, administration allowance and licence allowance as follows:

	<u>30 June 2016 USD</u>	<u>30 June 2015 USD</u>
Creation and Redemption Fees	3,546	-
Administration Allowance and Licence Allowance	436,419	135,215
Total Fee Income	439,965	135,215

Under the terms of the service agreement with ETFS Management Company (Jersey) Limited ("ManJer"), the Company accrued expenses equal to the administration allowance and licence allowance and creation and redemption fees, which, after taking into account other operating income and expenses, resulted in an operating result for the period of USD Nil (30 June 2015: USD Nil).

Review of Operations (continued)

The gain or loss on Equity Securities and Equity Contracts is recognised in the Condensed Statement of Profit or Loss and Other Comprehensive Income in line with the Company's accounting policy.

The Company has entered into contractual obligations to trade Equity Securities at set prices on each trading day. These prices are based on an agreed formula published in the prospectus, and are equal to the published net asset value ("NAV") of each class of Equity Security.

IFRS 13 requires the Company to identify the principal market and to utilise the available market price within that principal market. The directors consider that the stock exchanges where the Equity Securities are listed to be the principal markets and as a result the fair value of the Equity Securities is the on-exchange price as quoted on those stock exchanges. As a result of the difference in valuation methodology between Equity Contracts and Equity Securities there is a mis-match between accounting values, and the results of the Company reflect a gain or loss on the difference between the agreed formula price of the Equity Contracts and the market price of Equity Securities. This gain or loss would be reversed on a subsequent redemption of the Equity Securities and cancellation of the corresponding Equity Contracts. This is presented in more detail in note 6 to these interim financial statements.

Future Developments*Referendum of the United Kingdom's ("UK's") membership of the European Union (the "EU Referendum")*

The EU referendum took place on 23 June 2016 and resulted in an overall vote to leave the European Union ("EU"). The EU referendum is non-binding and therefore in order to start the process to leave the EU, the British government will have to invoke Article 50 of the Lisbon Treaty ("Article 50"). Invoking Article 50 starts a two-year period during which a leaving agreement is negotiated setting out the arrangements for the withdrawal and outlining the UK's future relationship with the EU. The exact process for the UK's withdrawal is uncertain, although it is generally expected to take longer than two years as this would require the renegotiation of treaties and agreements, together with legislation changes.

The Company is domiciled in Jersey, outside of the EU, and the Equity Securities are distributed in the EU under the EU Prospectus Directive which requires their offering to the public to be approved by an EU Member State regulator. To date, the Company has chosen the UK Financial Conduct Authority ("FCA") as its member state regulator for these purposes. Request is then made to the FCA, as the chosen Member State regulator, for the passporting of the offering across the EU, once again, under the Prospectus Directive.

It is currently expected that the Company would select an alternate EU Member State regulator through which to seek approval and request passporting for its offering. As the Equity Securities already comply with the European wide requirements of the Prospectus Directive, this is not expected to cause any disruption or alteration to the terms or nature of the Equity Securities.

The Equity Securities continue to comply with all applicable laws and regulations. Continued assessment of the impact will be required throughout the withdrawal process should the United Kingdom leave the EU.

The directors are not aware of any other developments that might have a significant effect on the operations of the Company in subsequent financial periods not already disclosed in this report or the attached interim financial statements.

Dividends

There were no dividends declared or paid in the current or previous period. It is the Company's policy that dividends will only be declared when the directors are of the opinion that there are sufficient distributable reserves.

Employees

The Company does not have any employees. It is the Company's policy to use the services of specialist subcontractors or consultants as far as possible.

Directors' Remuneration

No director has a service contract with the Company and details of the directors' remuneration which has been paid by ManJer on behalf of the Company for the period is disclosed below.

Statement of Directors' Responsibilities

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial period. Under that law they have elected to prepare the financial statements in accordance with International Financial Reporting Standards ("IFRSs") as issued by the International Accounting Standards Board ("IASB").

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies (Jersey) Law 1991. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company and to prevent and detect fraud and other irregularities.

The Directors are responsible for the maintenance and integrity of the corporate and financial information included on the Company's website. Legislation in Jersey governing the preparation and dissemination of the financial statements may differ from legislation in other jurisdictions.

With regard to Regulation 2004/109/EC of the European Union (the "EU Transparency Directive"), the directors confirm that to the best of their knowledge that:

- the financial statements for the period ended 30 June 2016 give a true and fair view of the assets, liabilities, financial position and profit or loss of the Company as required by law and in accordance with International Financial Reporting Standards as issued by the IASB; and
- the Directors' report gives a fair view of the development of the Company's business, financial position and the important events that have occurred during the period and their impact on these financial statements.

1. Accounting Policies

The main accounting policies of the Company are described below.

Basis of Preparation

The interim financial statements for the six months ended 30 June 2016 have been prepared in accordance with IAS 34 “Interim Financial Reporting” as issued by the International Accounting Standards Board (“IASB”) and interpretations issued by the International Financial Reporting Interpretations Committee of the IASB. The interim financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets and financial liabilities held at fair value through profit or loss.

The accounting policies adopted are consistent with those of the annual financial statements for the year ended 31 December 2015. The interim financial statements do not include all the information and disclosures required in the annual financial statements and should be read in conjunction with the Company’s annual financial statements as at 31 December 2015.

The presentation of interim financial statements in conformity with IFRSs requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Company’s accounting policies.

The Company makes estimates and assumptions that affect the reported amounts of assets and liabilities within the next financial period. Estimates are continually evaluated and based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The only key accounting judgement required to prepare these financial statements is in respect of the valuation of Equity Contracts and Equity Securities held at fair value through the profit or loss as disclosed in notes 5 and 6. Actual results could vary from these estimates.

This half yearly report has not been audited or reviewed by the Company’s auditors.

Accounting Standards

(a) Standards, amendments and interpretations effective on 1 January 2016:

The following new and revised Standards and Interpretations have been adopted in the current year which may have affected these financial statements. Details of other Standards and Interpretations adopted that have had no effect on these financial statements are set out in section (b).

- IAS 1 Presentation of Financial Statements (Disclosure Initiative)
The amendments address perceived impediments to preparers exercising their judgement in presenting their financial reports by making the following changes:
 - clarification that information should not be obscured by aggregating or by providing immaterial information, materiality considerations apply to the all parts of the financial statements, and even when a standard requires a specific disclosure, materiality considerations do apply.
 - clarification that the list of line items to be presented in these statements can be disaggregated and aggregated as relevant and additional guidance on subtotals in these statements and clarification that an entity’s share of other comprehensive income of equity-accounted associates and joint ventures should be presented in aggregate as single line items based on whether or not it will subsequently be reclassified to profit or loss.
 - additional examples of possible ways of ordering the notes to clarify that understandability and comparability should be considered when determining the order of the notes and to demonstrate that the notes need not be presented in the order so far listed in paragraph 114 of IAS 1.

1. Accounting Policies (continued)**Accounting Standards (continued)***(a) Standards, amendments and interpretations effective on 1 January 2016 (continued):*

- Annual Improvements to IFRS:
 - Includes specific guidance in IFRS 5 for cases in which an entity reclassifies an asset from held for sale to held for distribution or vice versa and cases in which held-for-distribution accounting is discontinued.
 - Includes additional guidance in IFRS 7 to clarify whether a servicing contract is continuing involvement in a transferred asset, and clarification on offsetting disclosures in condensed interim financial statements.
 - Clarifies that the high quality corporate bonds used in estimating the discount rate for post-employment benefits (IAS 9) should be denominated in the same currency as the benefits to be paid.
 - Clarifies the meaning of 'elsewhere in the interim report' and requires a cross-reference (IAS 34).

(b) Standards, amendments and interpretations effective on 1 January 2016 but not relevant to the Company:

- IFRS 10 Consolidated Financial Statements and IAS 28 Investments in Associates and Joint Ventures (2011) (applicable only to prospective sale or contribution of assets).
- IFRS 10 Consolidated Financial Statements, IFRS 12 Disclosure of Interest in Other Entities and IAS 28 Investments in Associates and Joint Ventures – Applying the Consolidation Exception.
- IFRS 11 Joint Arrangements (applicable only to prospective acquisitions in which the activities of the joint operations constitute businesses, as defined in IFRS 3).
- IFRS 14 Regulatory Deferral Accounts.
- IAS 16 Property, Plant and Equipment and IAS 38 Intangible Assets.
- IAS 16 Property, Plant and Equipment and IAS 41 Agriculture.
- IAS 27 Separate Financial Statements.

(c) Standards, amendments and interpretations that are in issue but not yet effective:

- IFRS 2 Share-based Payments (effective for annual periods beginning on or after 1 January 2018).
- IFRS 9 Financial Instruments (as amended in 2014) (effective for annual periods beginning on or after 1 January 2018).
- IFRS 15 Revenue from Contracts with Customers (effective for annual periods beginning on or after 1 January 2018).
- IFRS 16 Leases (effective for annual periods beginning on or after 1 January 2019).
- IAS 7 Statement of Cash Flows (Disclosure Initiative) (effective for annual periods beginning on or after 1 January 2017).
- IAS 12 Income Taxes (effective for annual periods beginning on or after 1 January 2017).

The directors intend to adopt IFRS 9 for the annual period beginning on 1 January 2018, and whilst the directors anticipate that these amendments may affect the amounts reported in the financial statements and result in more extensive disclosures in the financial statements, a detailed analysis has not been undertaken.

The directors do not expect the adoption of the remaining standards, amendments and interpretations that are in issue but not yet effective will have a material impact on the financial statements of the Company in future periods.

The directors have considered other standards and interpretations in issue but not effective and concluded that they would not have a material impact on the future financial periods when they become available.

1. Accounting Policies (continued)**Going Concern**

The nature of the Company's business dictates that the outstanding Equity Securities may be redeemed at any time by the holder and in certain circumstances may be redeemed by the Company. Generally only Security Holders who have entered into an authorised participant agreement with the Company ("Authorised Participant") can submit applications and redemptions directly with the Company. As the redemption of Equity Securities will coincide with the redemption of an equal amount of Equity Contracts, no liquidity risk is considered to arise. All other liabilities of the Company are met by ManJer; therefore the directors consider the Company to be a going concern for the foreseeable future and have prepared the financial statements on this basis.

Equity Securities and Contracts**i) Issuance and Redemption**

The Company has entered into a Facility Agreement with Société Générale to permit the Company to purchase and cancel Equity Contracts at prices corresponding to Equity Securities issued or redeemed on the same day. Each time an Equity Security is issued or redeemed by the Company a corresponding number and value of Equity Contracts will be purchased from or cancelled with Société Générale.

Financial assets and liabilities will be recognised and de-recognised on the trade date.

ii) Pricing

The Equity Contracts will be priced by reference to the value of the relevant indices published by the relevant Equity Index Sponsor, a Multiplier calculated by the Company and agreed with Société Générale and the Adjustment Factor. The multiplier takes into account the daily accrual of the Administration Allowance, the Licence Allowance and the Swap Spread and Collateral Cost payable to the Equity Contract Counterparty. The Adjustment Factor will only be relevant in specific circumstances as outlined in the prospectus.

IFRS 13 requires the Company to identify the principal market and to utilise the available market price within that principal market. The directors consider that the stock exchanges where the Equity Securities are listed to be the principal markets and as a result the fair value of the Equity Securities is the on-exchange price as quoted on those stock exchanges. The Equity Securities are priced using the closing mid-market price on the statement of financial position date.

Consequently a difference arises between the value of Equity Contracts (based on the agreed formula price) and Equity Securities (at market value) presented in the Condensed Statement of Financial Position. This difference is reversed on a subsequent redemption of the Equity Securities and cancellation of the corresponding Equity Contracts.

iii) Designation at fair value through Profit or Loss

Each Equity Security and Equity Contract comprises a financial instrument whose redemption price is linked to the performance of the relevant Equity Index adjusted by the applicable fees and expenses.

These instruments are designated at fair value through the profit or loss upon initial recognition. This is in order to enable gains or losses on both the Equity Securities and Equity Contracts to be recorded in the Condensed Statement of Profit or Loss and Other Comprehensive Income.

Through the mis-matched accounting values, the results of the Company reflect a gain or loss which represents the movement in the cumulative difference between the agreed formula value of the Equity Contracts and the market price of Equity Securities. This gain or loss is transferred to a Revaluation Reserve which is non-distributable. The results of the Company are adjusted through the presentation of a non-statutory movement entitled 'Adjustment from Market Value to Contractual Formula Price (as set out in the prospectus) of Equity Securities'.

1. Accounting Policies (continued)

Segmental Reporting

IFRS 8 requires operating segments to be identified on the basis of internal reports about components of the Company that are regularly reviewed by the Chief Operating Decision Maker (“CODM”) in order to allocate resources to the segments and to assess their performance. The CODM has been determined as the board of directors. A segment is a distinguishable component of the Company that is engaged either in providing products or services (business segment), or in providing products and services within a particular economic environment (geographical segment), which is subject to risks and rewards that are different from those of other segments.

The Company has not provided segmental information as the Company has only one business or product group, Equity Securities, and one geographical segment which is Europe. All information relevant to the understanding of the Company’s activities is included in these financial statements.

2. Operating Result

Operating result for the period comprised:

	Period ended 30 June	
	2016 Unaudited USD	2015 Unaudited USD
Creation and Redemption Fees	3,546	-
Administration Allowance	395,990	122,923

As at 30 June 2016, there were certain Equity Contracts awaiting the creation or redemption of Equity Securities with trade dates before the period end and settlement dates in the following period:

- The amount payable as a result of unsettled creations at the period end was USD 13,926,819 (31 December 2015: USD Nil).

6. Equity Securities

Whilst the Equity Securities are quoted on the open market, the Company's liability relates to its contractual obligations to trade at set prices on each trading day. These prices are based on an agreed formula, and are equal to the published net asset values ("NAV") of each class of Equity Security. Therefore, the actual contractual issue and redemption of Equity Securities occur at a price that corresponds to gains or losses on the Equity Contracts. As a result the Company has no net exposure to gains or losses on the Equity Securities and Equity Contracts.

The Company measures the Equity Securities at their market value in accordance with IFRS 13 rather than their settlement value as described in the prospectus. The market value is deemed to be the prices quoted on stock exchanges or other markets where the Equity Securities are listed or traded. However Equity Contracts are valued based on the agreed formula (which corresponds to the published NAVs of each class of Equity Security).

The fair values and changes thereof during the period/year based on prices available on the open market as recognised in the financial statements are:

	As at 30 June 2016 Unaudited USD	31 December 2015 Audited USD
Change in Fair Value for the Period/Year	<u>34,955,438</u>	<u>11,316,332</u>
Equity Securities at Fair Value	<u>131,658,409</u>	<u>103,014,888</u>

The contractual redemption values and changes thereof during the period/year based on the contractual settlement values are:

	As at 30 June 2016 Unaudited USD	31 December 2015 Audited USD
Change in Fair Value for the Period/Year	<u>34,690,912</u>	<u>11,572,965</u>
Equity Securities at Contractual Redemption Value	<u>131,554,091</u>	<u>102,646,044</u>

Notes to the Financial Statements (Continued)

6. Equity Securities (continued)

The gain or loss on the difference between the agreed formula price of the Equity Contracts and the market price of Equity Securities would be reversed on a subsequent redemption of the Equity Securities and cancellation of the corresponding Equity Contracts.

The mismatched accounting values are as shown below and represent the non-statutory adjustment presented in the Condensed Statement of Profit or Loss and Other Comprehensive Income:

	Period ended 30 June 2016 Unaudited USD	Year ended 31 December 2015 Audited USD
Net Loss Arising on Contractual and Fair Value of Equity Contracts	(34,690,912)	(11,572,965)
Net Gain Arising on Fair Value of Equity Securities	34,955,438	11,316,332
	264,526	(256,633)

As at 30 June 2016, there were certain Equity Securities awaiting creation or redemption with trade dates before the period end and settlement dates in the following period:

- The amount receivable as a result of unsettled creations at the period end was USD 13,926,819 (31 December 2015: USD Nil).
